# Web Developer

## Eclipse Soundscapes: Bilingual Mobile Application

Posted: Nov 2020

### INTRODUCTION & BACKGROUND

ARISA Lab, LLC, ([www.arisalab.org](http://www.arisalab.org)) is looking for a web developer to implement a Spanish language version of the already existing Eclipse Soundscapes website ([www.eclipsesoundscapes.org](http://www.eclipsesoundscapes.org)) in a Drupal CMS, set-up automated traffic reports, and contribute to written documentation on work performed. The project is designed to engage the public, with a special emphasis on including people who are blind and visually impaired with solar eclipses and is a NASA sponsored project.

### APPLICATION INSTRUCTIONS

Candidates should submit the following to [vendors@arisalab.org](mailto:vendors@arisalab.org).

- Cover letter - Highlight relevant experience and any experience with accessibility tools or methods
- Resume as an independent contractor or capability statement as a company
- Quote - Include cost per deliverable. See Statement of Work and Deliverables.

### STATEMENT OF WORK AND DELIVERABLES

DELIVERABLE	QUOTE
Implement a Spanish language version of the existing Eclipse Soundscapes website ( <a href="http://www.eclipsesoundscapes.org">www.eclipsesoundscapes.org</a> ) in a Drupal CMS	
Set-up automated traffic reports and dashboard
